9 am - 1 pm. Exact
schedule determined
by each host site.

About this event...

WHO? The Washington Council for High School and College Relations was organized to assist all Washington state students in accessing and engaging in post-secondary opportunities.

WHY? We want each 8th grade student who attends one of the Washington Council College Exploration Days to learn about the available options for continuing their education after high school.

HOW? Students will visit a college campus and rotate through a series of small group sessions. Each student will be assigned a group to visit each session, designed to be interactive as well as educational.

Highlights

Inspirational Keynote Speaker
Collaborative Student Panel
Intro to Paying for College
Interactive College Trivia

Please note:

Districts are responsible for transportation costs and brown bag lunches. The event itself is free! Space is limited and may be capped per district.

Registration is open!
